

Introducing Monday Night Clinic at FCAT!

SOUTH DEERFIELD, MA: Want to learn to edit video? create special effects? design dynamic websites? or are you looking to brush up your skills in multimedia production? If so, then FCAT's Monday Night Clinic is for you!

The Monday Night Clinic is an educational resource for learning a variety of skills related to technology and multimedia. The casual setting is designed to engage FCAT members and staff, exchanging ideas and addressing specific ideas and areas one-on-one, or as a group. General topics are scheduled on each Monday, with hands-on activities planned. Anyone with an interest is encouraged to attend.

The Clinic can help you expand your technology skills in a variety of areas:

- Improve your use of cameras for field production work,
- Learn more about video editing using Adobe Premiere,
- Explore special effects production with Adobe After Effects,
- Improve your skills using HTML and website content management systems,
- Explore photo editing and photo manipulation with Adobe Photoshop,
- Learn about Flash animation for web and video use

In addition, there will be occasional guest presenters, providing focused training in specific areas, and highlighting topics designed to inspire creativity.

Monday Night Clinic is held every Monday from 4 to 8, and is free to members of FCAT. FCAT Membership has a low annual cost, with business and non-profit rates available. Special focus groups will meet at other times as needed. To learn more, call FCAT at 665-0012, or visit www.fcat12.org
