

PETITION FOR SOLE POLE LOCATIONS

To the Select Board of Whately, Massachusetts.

EVERSOURCE ENERGY requests permission to remove and install a line of poles, wires, cables and fixtures, including the necessary sustaining and protecting fixtures to be owned and used in common by your petitioners, along and across the following public way:

Location: 176 River Rd, Whately, MA.

Reason: CHA, on behalf of Eversource, is requesting permission to install an approximately 300 foot underground electric duct bank from Pole 23/B65 to Pole 9/2 at the intersection of Christian Ln and River Rd. The installation of the UG facilities is to eliminate the additional weight of the 556 TW and reduce the structural load on the spans.

Wherefore they pray that after due notice and hearing as provided by law, they be granted joint or identical locations for and permission to construct and maintain a line of poles, wires and cables, together with such sustaining and protecting fixtures as they may find necessary, said poles to be erected substantially in accordance with the field plan herewith and made a part hereof marked **80123416**.

Also, for permission to lay and maintain underground laterals, cables and wires in the above or intersecting public ways for the purpose of making connections with such poles and buildings as each of said petitioners may desire for distributing purposes.

Your petitioners agree to reserve space for one crossarm at a suitable point on each of said poles for the fire and police telephone signal wires belonging to the municipality and used by it exclusively for municipal purposes.
