AGENDA

1. Modification of a grant award to Ed the Wizard for a program at the Whately Library. The change is of title of the program from "Reading is Magic" to "Rocket Workshop". The latter program is that which was approved by the librarian in her letter of support.
2. Modification of a grant award to Laura Pravitz for a program "Moving Stories: Dance/Movement for grades 1-3" at the Whately Elementary School. The funding request was for \$500 to conduct three six-week programs for students. The council approved funding of \$350 for the program. The school has declined to fund the difference, so Laura has requested that the program be changed to include only two six-week programs.
3. Any administrative business that the council wishes to take up.
