Guidelines for Project Submission

1) Each project must have a sponsoring group or organization which will be responsible for project design, financial estimates, and implementation. Project sponsors should seek the endorsement of a relevant town board or committee whenever possible.

2) Each project request must be submitted to the Community Preservation Committee using the Funding Request Form as a cover sheet. Applications should be submitted in nine (9) multiple copies.

3) Requests must include a statement of need and be documented with appropriate support information. The use of maps, visual aids and other supplemental information is encouraged.

4) Obtain quotes for project costs whenever possible. If not available, estimates may be used, provided the basis of the estimate is fully explained.

5) If the request is part of a multi-year project, include the total project cost and allocations.

6) Requests must be received at Town Offices by the second Tuesday in December at 3:30pm to be considered for recommendation at the April Town Meeting. Applicants are encouraged to present preliminary proposals to the CPC for comments prior to that time.

7) Funding applications for time-sensitive projects only for approval at a fall special town meeting are due on the second Tuesday in June by 3:30pm at Town Offices. Applicants must be prepared to demonstrate why the project needs expedited approval.

8) It is recommended that applicants attend a CPC meeting to answer questions.

The legal limitations on the use of CPA funds are summarized in the attachment. If you are in doubt about your project’s eligibility, you are encouraged to submit an application so that the Committee can determine eligibility.

Please submit the Funding Request Form and accompanying documentation to:
