TriTown Beach Virtual Meeting Minutes

Present: Beth Foley, Judy Bardwell, Bill Skroski, Sue Monahan – all commissioners.

All agreed that the beach will not open to the public this season.

Due to the COVID-19 pandemic and Governor Baker's orders – public beaches won't be able to open until Phase 3 of the re-opening process and it may be too expensive to comply with necessary procedures.

We will have a few employees helping with maintenance and spring cleanup and possibly during the summer to help with the weed situation if there is one this year.

We still need our budget approved in order to perform beach maintenance, keep insurance up to date, and also to prepare for 2021 opening in the spring.

Meeting adjourned 5:09pm.
